

School Cancellation Procedures

GHS uses WMUR News 9 as the designated location where school closings due to weather will be posted. These closings are listed online at www.wmur.com. Once you go to their website, click on the tab for closings, and you will see Granite Hill School listed. Granite Hill School **DOES NOT** do a phone message or email to families when school is canceled.

If your student's district closes due to weather, but GHS is still open, transportation will not be provided and your student is not expected to come in. If your student's district has a 2 hour delay, transportation will pick your student up after the 2 hour delay.
